

411 QUICK RESPONSE TEAM (QRT)

If a student is in a crisis in the classroom or school and needs immediate response we have a Quick Response Team. Please call the office or SPA to alert staff you need the QRT to come to an area of the school immediately.

There is a team of two staff trained in Non-Violent Crisis Intervention (CPI). They are the only staff members trained and allowed to use any type of restraint or holds with students (see 410 Restraint Procedure)

Teachers may be asked to evacuate the classroom if student safety is compromised.

When QRT is called to a classroom the Social Worker, Curriculum Coordinator or Director will provide coverage in the Student Practice Area (SPA) and Resource Room.
