

STONEBRIDGE World School

August 2021

Dear Parents and/or Guardians,

Welcome to Stonebridge World School! Our first day of school is August 30, 2021. We will be starting the school year with in-person learning and with Covid safety measures as our top priority. We will be carefully monitoring the latest guidance from the Centers for Disease Control (CDC) and Minnesota Department of Health (MDH). We have made the determination that face masks will be worn in the Stonebridge building by students and staff, regardless of vaccine status.

The staff has been working hard all summer to ensure that the school building is cleaned and ready for the beginning of the school year. We will again be using our new smart board TV's, which will allow all teachers to provide students with very engaging curriculum and academics. Smart TV's will also provide the option of live instruction from classrooms each day if we need to move to any remote learning during the school year. All students will again be provided with an iPad device and this year there is a refundable deposit required that will be returned at the end of the school year.

Our school open house will be held on August 26th from 12 PM -6 PM and to provide social distancing you will find an assigned time block in this mailing. If your assigned time block does not work, please call the office to re-schedule. During this open house you will receive a free uniform starter kit, important bus and resource information and complete any necessary school forms.

We know this has been an extremely stressful time for everyone with Covid-19 continuing to affect communities across the country and state. Please know that the school board and staff at Stonebridge are committed to following all Covid guidelines to keep everyone healthy and safe.

We look forward to this school year as we strive to create academic excellence for all students even in the most difficult of circumstances. See you all soon.

In partnership,

Barbara Novy

Executive Director
